[14:01] <lbuttondash> sniper is good on this map

[14:01] <divanerasmus> hi @DarksydePhil hello @everyone

[14:01] <chairmancaleb> If you really want to get technical about it, Star Wars episode7+ aren't really considered canon since they're not by Georgie.

[14:01] <chairmancaleb> That's the way I look at it anyway.

[14:01] <musclesforbones> technically nothings a cannon unless it shoots cannon balls LUL

[14:02] <kingofhypocrisy> George should of went with Darth Jar Jar but he pussied out

[14:02] <fluffymoochicken> This map reminds me of when DSP played that Normandy beach one in CoD WW2

[14:02] <fluffymoochicken> Holy cow out of the draw distance

[14:02] <solid\_fantasy> They're numbered and treated as canon. Also , Lucas didn't direct ESB

[14:03] <therealkingghidorah> @DarksydePhil you can use the walkers legs for cover

[14:03] <samrlaseter> Has phil seen last Jedi yet?

[14:03] <bethebaby> You think Phil's opponents say the same things he does when he kills them?

[14:03] <fluffymoochicken> Beautiful graphics

[14:03] <cybot86> @SamRLaseter No that's why he's not sad.

[14:03] <encelor> is this australia red dirt and rocks

[14:03] <chairmancaleb> @solid\_fantasy I know they're "treated" as such, not denying that. But I look at it like Dragon Ball for example. GT wasn't made by Akira Toriyama, so it's not canon.

[14:03] <fortunemoney> this game still worth it on sale ?

[14:03] <chairmancaleb> That's h ow I see Episode 7 and 8.

[14:03] <musclesforbones> phil, you can use blankets for cover

[14:03] <cybot86> Nu Wars isn't canon

[14:03] <lbuttondash> can't deny the visuals in this game

[14:03] <mxavier91> not a very profitable stream today....

[14:03] <cybot86> it's just designed to destroy what we value as a society

[14:03] <solid\_fantasy> Phil hasn't seen TLJ, he has no free time

[14:04] <samrlaseter> @solid\_fantasy makes sense, I don't know anyone who works as much as DSP
